TECHNICAL REQUIREMENTS

Nguyễn Lê Technical Requirements

2 guitar amps :

one Roland Jazz Chorus 120 or 90 AND one Fender Hot Rod with effect loop (power amp in) If you have no other choice you may use two JC 120, or two Fender.

5-plug power socket 220volts with french or german plug type

2 boxes of 25cm height (to tilt the amps - same angle & idea than a tilted-back Fender Twin)

1 small table or flight case or a bar stool with a flat surface with 60cm height (to put a reverb on top)

1 guitar high stand

1 music stand

P.A. :

2 channels for guitar : 1 Shure SM 57 mike in front of each amp
